

CONTRACT FOR AMERICAN RENEWAL

U.S. House of Representatives

27th District, State of California

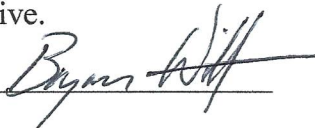

I, Bryan Witt, if elected to the U.S. House of Representatives, for California's 27th Congressional District, do hereby commit to sponsor or co-sponsor and vote in favor of legislation for the following:

- Expanding Medicare as part of a single-payer initiative to establish fully universal, high-quality health care for every citizen and resident.
- Making tuition free at public colleges and universities throughout America.
- Raising the minimum wage to \$20.00 per hour.
- Initiating government investment over five years towards rebuilding our crumbling roads, bridges, railways, airports, public transit systems, ports, dams, wastewater plants, and other infrastructure needs, while vigilantly minimizing their environmental impact.
- Implementing a 10-year plan to de-commission all or most of our coal fired power plants and replace them with clean sustainable alternatives. Part of this plan will also seek to replace our entire fleet of private and commercial cars and trucks with those powered by clean energy, such a hydrogen or electric.
- Ending unnecessary military adventures across the globe, except where absolutely required to protect our citizens or vital national interests; adjusting the military budget to a level that is equal to the other great powers.
- Reforming tax regulations to discourage corporations from shifting their profits and jobs overseas and enacting a universal transaction tax on Wall Street trading to discourage reckless speculation.
- Reversing trade policies like NAFTA, and blocking the passage of agreements like the TPP, unless there are protections for organized labor and domestic jobs.
- Overturning Citizens United and initiating comprehensive electoral reform, that will include publicly financed elections and getting money out of politics forever.
- An amendment to the U.S. Constitution that will grant LGBTQ citizens the very same rights that the rest of our people enjoy.

If no other legislator comes forth to propose such individual pieces of legislation, I will create and introduce my own within 1 year of taking office.

I sign this contract voluntarily and with full appreciation of my obligations and responsibilities to the citizens of the 27th District, should they choose me as their elected representative.

Signed: _____
